

AMEE 2019

<http://amee.net>

2019 The 2nd International Conference on Advanced Mechanical and Electrical Engineering

Lanzhou China, November 16-18, 2019

AMEE 2018 was successfully held in Beijing during Dec. 26-28.

The conference will serve as an international forum for the presentation and exchange of technological advances and research results in the broad fields of Advanced Mechanical and Electrical Engineering.

We warmly welcome prospective authors to submit research papers to AMEE, and share your latest research results and valuable experiences with other top-scientists, engineers and scholars from all over the world.

Conference Proceedings

The accepted papers will be published in Conferences Proceedings, which is indexed by **Ei Compendex and Scopus**.

Important dates

Submission Deadline:	Aug 30, 2019
Notification Date:	Sep. 20, 2019
Registration Deadline:	Oct. 10, 2019

Submission

By online submission system: <http://confsys.iconf.org/submission/amee2019>

Call for Paper

Conference proceedings focus on core research of the following, but not limit to:

Electrical and Electronic Engineering	Computational Mechanics
Electronics and Communications Engineering	Combustion and Fuels
Applied Electricity	Controls and Dynamics
Electro Engineering	Environmental Management
Fuel Cells and Renewable Energy Systems	Fluid Mechanics
Electric Vehicle Technologies	Refrigeration and Air-Conditioning
Electrotechnologies	Rotor Dynamics
Intelligent Control Systems	Solid Mechanics
Signal and Communication Processing	Thermodynamics and Combustion Engineering
Advanced Power Semiconductors	Tribology and Terotechnology
Circuits and Systems	Operations Research and Industrial Management
Electrical Machines and Drive Systems	Production Management
Power System and its Automation	Electric Vehicle Technologies
Materials for Electrotechnics	High Voltage and Insulation Technologies
Applied Mechanics
